

UTAH HIGH SCHOOL RODEO ASSOCIATION AND JUNIOR HIGH DIVISION RULES

UHSRA MOTTO

**To promote the development of sportsmanship, horsemanship
and character in our state's youth.**

Guidelines for Approved Clubs:

1. All approved clubs must sponsor a qualifying rodeo or submit a payment to the UHSRA for the amount of \$3500.00 to be used to buy awards for the State Finals. Payment must be made with the club membership.
2. Clubs joining the association must serve a one year probation period before they can hold an approved qualifying rodeo. A club in good standing may appeal in writing, to the Executive Board, the one year probation period for hosting a rodeo. Approval will be voted on by Executive Board. Club must have at least one or more members to be eligible to hold a qualifying rodeo. All reinstated clubs will be recognized as a new club for all purposes of requesting a rodeo date.
3. Each club is made up of (2) two advisors that make up the Board of Directors, (1) one secretary and (1) one advisor. Each club has one vote on the Board of Directors. These directors should attend all state general meetings and bring member issues to the Executive Board at board meetings. If the Board of Directors is called upon to vote, (1) one vote shall be cast between the (2) two directors. The Board of Directors has the responsibility at any association event to maintain standards and rules of the association. They should pass on all information obtained from state meeting to members.
4. Each club must have their own set of bylaws and rules which must be approved by the Executive Board. Any changes to the club bylaws and rules must also be submitted to the Executive Board for approval before they take effect.

Advisor/Secretary Responsibilities:

1. Club secretaries must submit membership information to the State Secretary by the state closing date of the rodeo the member wishes to enter. Make sure all signatures are complete and original, not photocopied. **The signatures of both parents or Legal Guardian(s), member and notary public are required!** Along with the notary signature, please make sure that the release has a seal or notary stamp, and that all required signatures have been witnessed and notarized. **If for some reason both parents' signatures do not appear on the release, a reason should be filled in (i.e. deceased, full custody, etc.).** The terms of divorce, not available or out of town are **UNACCEPTABLE**, unless the parent is away serving in the military. **If any of the necessary signatures are missing, member will not be allowed to participate in a rodeo until paperwork is correctly completed.**
2. Grading Verification: It is the responsibility of the Clubs to check grades for members. Grading policy is a 2.0 or better and no more than (1) one F or I. Students must also be in good standing with their school/district as far as citizenship policies, drug, alcohol, and tobacco and safe policies. (Students must meet the same standards required for other sports programs). Eligibility under this rule is determined when grades are posted. Grades are "posted" at the end of each grading period when the school registrar enters all grades electronically and are available to students, parents and teachers. Grade changes after the posting date cannot restore lost eligibility,

except for a documented clerical error. At the beginning of the year and for the State Finals members must turn in a copy of their report card/home school affidavit to the state. Grades must also be verified at the end of each term, by the Grade Verification Form signed by a school official. These reports need to be sent to the State Secretary. Mid-terms or Progress reports are not allowed. Students must be currently eligible at all participating rodeos. If points are earned and student was ineligible the points will be removed and dropped down to the next eligible contestant.

3. Rodeo entries from Club secretaries will be due to the State Secretary by the Closing Date set forth on the rodeo schedule. All jackpot fees must be postmarked to the hosting club by the closing date. Jackpot fees are not refundable at any time. Approximately (2) two business days following the closing date, a preliminary draw will be sent to club secretaries to approve before position draw is done. This report must be forwarded to club members for help in checking their entries. There will be a (2) two day time period for club secretaries to submit entry changes or corrections. After the change deadline the position draw will be completed and posted to the website. After the draw is posted, there will be no monies refunded to members who want to draw out of a rodeo without a medical release, a vet release or a school release turned into the hosting secretary. Draw in's will not be done at any rodeo regardless of entry mistakes.

Any entry fee refunds will be returned from the hosting club within (1) one week following the rodeo.
7. In the rough stock events, alternates will be drawn if the number of entries exceeds the amount of stock required. Rough stock rodeo preferences will also be subject to change in order to even out performances.

Shooting Sports Guidelines:

1. It is the responsibility of each shooter to familiarize him or herself with the NRA and ATA rules adopted by the NHSRA. **Failure to comply with these rules may result in disqualification.**
2. The UHSRA has determined that no electronic listening devices, including i-pods, will be allowed by any contestant during his performance. This is a safety concern and any violation may result in immediate disqualification.
3. There will be no spectator optics allowed at any time during the shoot.
4. No coaching will be allowed by other team members or parents once a round of shooting begins. Contestants are responsible for the safe preparation of all shooting equipment.

This also includes keeping an open chamber indicator in their rifles until it is time to shoot. Please bring extra shells in the event of a misfire. This is for both rifle and trap. Under no circumstances will a parent be allowed to cross the firing line. Contestants requiring assistance should contact the Range Officer prior to leaving his shooting station. The Range Officer and/or shooting judge will determine the appropriate measures to be taken to assist the shooter.

4. Under NO circumstances should a shooter cross the firing line except at the command of the Range Officer.
6. It is each shooter's responsibility to verify that another shooter has not "cross-fired" onto his target. If you suspect a crossfire, you should notify the Judge at the end of the round and prior to retrieving your target. The judge will determine the validity of your protest and mark the targets accordingly. Contestants who intentionally or repeatedly crossfire will be disqualified immediately. Crossfiring will result in deduction of points according to NRA rules.
7. Banana clips are discouraged and are considered illegal support. If you use a banana clip, you may not rest the clip on the ground or contact the clip with any part of your body during shooting. Resting your clip on the ground or holding the clip while shooting is considered an "unfair advantage" and will result in immediate disqualification.
8. While shooting from the kneeling position, one foot must remain on the ground and the other knee must be in contact with the ground. You may sit on the other foot or leg. Your torso may not touch the ground in any way while shooting.
9. While shooting in all positions, the butt of the rifle must contact one shoulder, and the other hand or arm must be in contact with the fore end of the rifle.
10. While in the prone position, you may use a pad for elbow support. Foot holes or elbow holes may not be dug in the dirt. No part of the elbow pad may be used for additional support or stabilization of the supporting arm.
11. The use of any devices or shooting positions that provide additional support will be considered an "unfair advantage" and will result in immediate disqualification.
12. Once a shooting event has begun, it should proceed without interruption by any contestant except in the event of a weapon malfunction. Intentional interruption or disruption of a shooting event by a contestant will result in the contestant being asked to leave the firing line. He will not be allowed to repeat the event and his score will be judged upon the shots that were fired to that point. This rule will be strictly enforced to allow other competitors to continue shooting without interruption.
13. Trap shooters are strongly encouraged to carry their shells in vests or pouches to avoid the unnecessary safety risk of bending down to pick up shells out of a box on the ground.
14. Trap shooters who wish to contest a lost target must do so immediately. The squad leader will determine whether the target was lost or broken. An additional appeal may be made to the Judge. The decision of the Judge is final.
15. All trap shooters should verify their scores immediately after the shoot and before leaving the trap range. All protests must be made at this time.
16. No protests of trap scores may be made once a contestant has left the range.
17. All .22 targets will be scored on site within 4 hours of the end of the event. Contestants will be given 1 hour from the time scores are totaled to check targets and protest if necessary. It is the shooter's responsibility to leave contact information to be able to view their targets. After the hour for protesting is up, scores will be turned in to the rodeo secretaries for posting and no protesting will be allowed. Targets can be picked up at the next shoot if the shooters want them.

18. **ALL protests** for any shooting event must be made **by the contestant** to the squad leader, the Range Master, and/or the Official Judge.
19. All core Rodeo Events take precedence over the Shooting Events. Because of time and possible facility and volunteer conflicts, shooters must shoot at the time they are assigned. If contestants fail to make their assigned times they will be turned out.
20. Dress Code: The Nationals adopted dress code will be used. Long pants, no open toe shoes, flip flops, etc. Hats are optional. T-shirts or long sleeved shirts required. Members will also be assigned a rodeo back number as part of the dress code.
21. Contestants must qualify to shoot at state. Any contestant earning points or more in a UHSRA sanctioned shooting event throughout the year can qualify for the State Finals Shoot.
22. A maximum of 70 points can be earned in each shooting event for High School to count towards State Finals (a contestant's top seven shooting scores). A maximum of 60 points can be earned in the shooting event for Jr. High (a contestant's top six shooting scores).
23. In the Trap event, the ATA tie-breaker rules will be enforced at the State Finals.
24. State Shooting Competitions will be 2 go rounds and no short go.
Any additional questions, comments, or recommendations should be directed to the Shooting Committee Chair.

1. **Backers –**

It will be possible for shooters to use backers. It will be voluntary, if a shooter doesn't use them, they must abide by the rule that does not protect them from cross fires and multiple shots in a single hole or area. The plan is to use targets already stapled to a backer to speed things up during target changes.

2. **Rule modifications for Trap –**

- a. Shoot Offs – A shoot off will begin that the 20 yard line. Should a tie breaker for the first shoot off be required the shooters will move back to the 24 yard line and will shoot to sudden death. The shooters will draw positions out of a hat.
- b. Trap Houses – There will only be a single trap house per rodeo. This will make sure that each competitor will get the same "look" and will eliminate opportunities for complaints of fairness.
- c. Ranges must meet the minimum standards that provide for 50 yard targets and safety.
- d. Turned Out – If a shooter is not there to be registered on time in order to attend the safety briefing, that shooter will be turned out.

3. **Shooting Position Draw –**

- a. To be fair to all shooters and to maintain consistency, ALL shooting will be done in order of the draw. There will be NO moving or trading.
- b. The draw will be sent out by the state secretary just the same as all other rodeo events. C.
- c. The draw used will be the one for the day the shoot is scheduled and used for both rodeos.
- d. The first event to be filled will be trap and will start at the top of the draw, placing the shooters in order in groups of 5 until all contestants are assigned a group and starting position. In order to assure that no one gets an advantage of shooting alone the last two groups may be split so that there is a minimum of 2 contestants shooting.
- e. The shooting director will then highlight those contestants that shoot both trap and rifle.
- f. The first group of rifle will consist of trap/rifle shooters starting with the bottom of the draw and working upwards until half of the trap/rifle shooters have been placed. This will be the same draw received from the state secretary.

- g. The second group of rifle will consist of those who shoot rifle only. The Jr. High shooters will be added to the end of this group in order of their draw.
- h. The third group of rifle will consist of the remaining trap/rifle shooters continuing from where the first group stopped moving upward.
- i. Depending on the range and the number of lanes and shooters, some shooters may be moved up into group one or down into group 3. Regardless of whether or not someone is to be moved they will always stay in order of the draw. Also, depending on the range, there may only be two groups of rifle.
