- That the Queen Director on the UHSRA board get a vote
- State Qualifying contests are open for all 9th-11th grade members. However, 12th Graders cannot compete as they would be ineligible to compete at or hold a State or National Title after graduation

It is **highly** recommended that Queen Contests be held on Friday mornings prior to a 3:00 P.M. rodeo or at a time when the girls do not have to miss any more school than necessary. Pending it is **prior** to the clubs rodeo. Any club needing to hold the Queen Contest event on Thursday evening must get approval from the majority of the Executive Board 30 days prior to their rodeo. Thursday events cannot begin before 4:00 pm. We need to make every effort to limit the amount of time our contestants are required to miss school in order to participate.

These are the guidelines that need to be followed as you coordinate your queen contest, which can be found in the National High School Rodeo rule book. This packet is for your convenience and a guideline for your judges to follow.

At least 1 week prior to the contest, please provide the judges with the following:

1. **Judges score sheet**
2. **Horsemanship Pattern**
3. **UHSRA contest rules for Queen Contest.**

Before the contest meet with your judges to discuss information and answer questions. A member of the State Queen Committee will be assigned to your contest and will be there to help in any way you may need.

Judging must consist of a Five Judges for High School and a minimum Three judges for Jr. High division. Please instruct the judges not to compare, discuss contestants, or share opinions. The Same Five judges will judge all portions of the contest.

Selecting Judges:

Because of concerns about the qualifications of the judges, it is required that your judges meet some standards:

1. Horse knowledge
2. Rodeo background
3. No one under the age of 21 yrs. old should be allowed to judge.

4. Judges should only judge one contest per year. Please ask if they have judged already during the current year.

If clubs need help finding judges or have any other questions, please contact State Queen Director.

Ties

Ties should be broken only for placings for awards. Ties are broken by contestant with the highest test score. If two contestants win the Queen, then go to the test score to break the tie for awards. However, the tied contestants will each receive the same points by splitting the total points of their placings. This will be done when scores are put into the computer system.

Visitors at Contest:

A member of the State Queen Committee will be assigned to your contest to help only where you want them to. You may contact the last year's Queen to set the pattern, however it is not required.

Contestant Draw:

The draw is provided by the State Secretary for the Queen contestant, is the official draw and will be used for the contest. Contestants must compete in the order of the official draw. Contestants will be identified by their official draw number only and their name should not be mentioned.

Test

Test will be conducted in a private area with only the contestants and Monitor present. Once contestants have been handed their tests, they will not be allowed to leave the room until their test is complete. Contestants will not be allowed to bring anything into the test area. Example: Rulebooks or other written material or their cell phone. A **new test** should be prepared each year by the Queen host. The test must follow the NHSRA Rulebook: **50 Questions**. Each Question is worth ½ point. **17 true/false, 17 multiple choice, 16 fill in the blanks. All answers should be exact.**

Modeling

You may play music, but it is not required. Modeling should not last longer than one minute.

Speech

Speeches need to be timed. A buzzer should sound at the end of the two minutes. Contestant will then be allowed to complete the sentence they are on.

Appearance

Contestants can wear the following: dresses, pant suits, skirts and vests - this is for everything except Horsemanship. During horsemanship contestants must wear a white button-down shirt with collar and cuff and blue denim jeans. Nothing extra should be added to the outfit.

Impromptu

All contestants are asked the same questions and should be kept in an area where they cannot hear the question prior to their turn. Past queens may assist in this. Contestants are read the question and not handed the question. This is to prepare them for the way the national contest is formatted.

Personal interview

Questions from judges should not deal with topics such as religion or sex. Interviews are 5 minutes long and should be timed. **Only the judges and contestant should be in interview room or area.**

Horsemanship

See patterns on the UHSRA website. You will be notified of the pattern assigned to your contest. Contestants should be made aware of pattern number prior to contest. The state coordinator can assist in this.

Score sheets

Sheets can be found on the UHSRA website. You or your secretary can download the composite program which calculates the scores by dropping the high and low for you. The state coordinator may also assist you with this.

Awards

Contestants should receive awards as you are giving to other events. You may want to recognize categories; this is a nice thing for the girls however, it is not mandatory.

Shooting Sports Guidelines:

Safety, Ammunition, Gun Handling and Guidelines, Regulations, Positions, Range Commands, Challenges, Scoring, Competition, etc. are found online at

National High School Rodeo Shooting Sports Guide.

1. **Rules-** The National High School Rodeo Shooting Sports Guide is the official rule book for the Shooting events. It is the responsibility of each shooter to familiarize themselves with the Shooting Sports Guide and UHSRA rules. Failure to comply with these rules may result in disqualification.
2. **Coaching-** No coaching will be allowed by other team members or parents once a round of shooting begins. This may result in immediate disqualification.

3. **Firing line-** Under no circumstances will a parent be allowed to enter the shooting stations/area. Contestants requiring assistance should contact the Range Officer prior to leaving his shooting station. The Range Officer and/or shooting judge will determine the appropriate measures to be taken to assist the shooter. Under NO circumstances should a shooter cross the firing line except at the command of the Range Officer.
4. **Malfunction-** Once a shooting event has begun, it should proceed without interruption by any contestant except in the event of a weapon malfunction. Intentional interruption or disruption of a shooting event by a contestant will result in the contestant being asked to leave the firing line. If asked to leave, the contestant will not be allowed to repeat the event, and his score will be judged upon the shots that were fired to that point. This rule will be strictly enforced to allow other competitors to continue shooting without interruption.
5. **Mandatory safety briefing-** All core Rodeo Events take precedence over the Shooting Events. Because of time and possible facility and volunteer conflicts, shooters must be on time. If a shooter is not there on time in order to attend the mandatory safety briefing, that shooter will be turned out.
6. **Trap Vest-** shooters will be required to carry their shells in a vest or pouch to avoid the unnecessary safety risk of bending down to pick up shells out of a box on the ground. Trap shooters are required to catch empty shells and collect them in a vest or pouch, shells will not be allowed to be ejected or thrown to the ground.
7. **Range Requirements-** There will be a minimum of 2 trap houses per rodeo weekend. All Rifle ranges must be approved by the UHSRA shooting committee or chosen from the approved shooting ranges list.
8. **Shooting Position Draw** – The draw will be sent out by the state secretary just the same as all other rodeo events. After the draw by the State Secretary, any conflicting contestant draws between the trap and the rifle will be pulled and re-drawn. This drawing system will only be done to accommodate the shooting events. The draw used will be the rodeo draw for the day the shoot is scheduled and used for both rodeos.
9. **Student Event Director** - There will be a Rifle Event Director for Junior High and a Rifle Event Director for High School. The Trap Event Director is also Squad leader. It is the Student Event Director's responsibility to understand and follow all NHSRA Rules and Regulations.

UHSRA Rainy Day Fund Guidance

Purpose of the Rainy Day Fund

The Rainy Day Fund (RDF) is established to ensure the financial stability and sustainability of the Utah High School Rodeo Association (UHSRA) during periods of unforeseen financial hardship. The fund serves as a reserve to provide operating cash flow in situations where there is an unexpected reduction in income or an increase in operating expenses that could threaten the Association's ability to meet its financial obligations and continue its rodeo activities.

Appropriate Uses of the Rainy Day Fund

The RDF is intended for use in the following circumstances:

1. **Unforeseen Revenue Shortfalls:** If the Association experiences a significant decrease in expected income due to factors such as lower event participation or attendance, sponsorship cancellations, or unexpected changes in funding sources.

2. **Unexpected Increases in Operating Expenses:** In case of unforeseen expenses, such as increases in stock contractor costs, venue-related costs, or other emergencies that require immediate attention to continue the operations of UHSRA.

3. **Economic Disruption:** In the event of broader economic downturns or other circumstances beyond the UHSRA's control that affect its ability to generate sufficient revenue.

The RDF should not be used for routine operating costs or planned expenditures, and any use must be reviewed and recommended for approval by the Finance Committee and provided to the Board of Directors to vote to approve by majority approval.

Balance Range and Funding Levels

To maintain financial health and ensure that the fund remains available for true emergencies, the UHSRA will aim to maintain a Rainy Day Fund balance within the following guidelines:

1. **Target Balance:** The RDF should generally maintain a balance equal to at least 50% of the Association's estimated annual operating expenses. This amount is sufficient to cover a portion of the annual operating costs for at least six 6 months, in the event of a short-term financial disruption.

2. **Maximum Fund Balance:** The RDF should not exceed 110% of the Association's estimated annual operating expenses. If the balance in the fund surpasses this level, the Board may consider transferring excess funds to other strategic initiatives, including the Scholarship Fund or other designated programs that further the UHSRA's purpose.

3. **Minimum Fund Balance:** If the balance falls below 50% of the UHSRA annual operating expenses, the Board will review options as recommended by the Finance Committee to rebuild the RDF, including setting aside a portion of surplus revenue from the next fiscal year.

Disbursement and Replenishment Process

- **Emergency Disbursements:** If the fund is used to cover unexpected financial shortfalls, the Finance Committee will recommend utilizing the RDF and the Board of Directors must approve the disbursement by a majority vote. Documentation of the emergency and the amount to be used must be recorded in the meeting minutes.

- **Replenishing the Fund:** If the RDF is used, the UHSRA will prioritize replenishing it as soon as practical, using surplus revenue from future fundraisers, events, or sponsorships, until the target balance is restored.

- **Excess Funds:** If the RDF balance exceeds the maximum threshold of 110% of the annual operating expenses, the Finance Committee will review the fund balance annually at the Mid-Winter Meeting and determine if any excess funds should be reallocated to the Scholarship Fund or other purpose-aligned programs. The Finance Committee will recommend excess fund allocations to the Board of Directors. Any such transfers must be recommended by the Finance Committee and approved by the Board with a majority vote and recorded in the minutes.

Review and Adjustment

This guidance will be reviewed annually at the mid-winter meeting by the Board of Directors to ensure it continues to meet the needs of the Association and reflects any changes in the financial situation or

operating environment. The Board may adjust the target balance or the conditions under which the RDF can be used, based on the UHSRA evolving financial needs.
